

PIANO PLAY

Hello, my name is Carol Sinclair or Whaea Carol (as known to many of the children and parents at Lytton Street School.

As well as being a qualified Primary School Teacher, I have also been teaching the Piano on and off for many years.

I have now moved from full time classroom teaching, to full time to teaching the piano.

Children (and parents/adults) can learn through avenues of discovery, fun and reflective thinking (as one would do in "play".)

I am teaching five days a week, before, during and after school hours and still have spaces available.

The charge is \$20.00 per half hour with a concession price (for more than one child per family) of \$15.00 per half hour. Payment can be made on a lesson by lesson basis.

Modern and classical options are available as well as practical and theory. Students will also have the opportunity to progress through the piano grades formally by sitting exams.

Payment Details:

Payment can be made weekly or each term, either with cash or internet banking. Please state your child's name as reference. A/C Number: 06-0629-0137979-00
